

# DHL FREIGHT RAILNET

## YOUR SUSTAINABLE, EFFICIENT AND RESILIENT ALTERNATIVE

DHL Freight's Railnet solution offers you a sustainable solution to reduce your CO<sub>2</sub> emissions. It can also make your shipments more efficient and minimize capacity issues.

### DO YOU...

- have interest in a more sustainable supply chain solution?
- have regular and stable FTL volumes?
- regularly ship more than five FTL per week on certain lanes?
- have transports longer than 600km?

**Then DHL Railnet can be a fit for you!**

### WHY DHL FREIGHT IS A FIT:

- Single provider, single point of contact
- Full End-to-End solution offered
- Efficient utilization of backloads
- Single loading unit for transport
- Link to a strong trucking network across Europe

**Railnet Operations** (as of January 2024)
